europa universalis iv conquistadors unit pack

you were oppressed by the caliphate and you've been holding it in for a very long time.  
so you will just go ahead and let out your oppression on the fellow black, brown, yellow, and red people for about 4 centuries.

but then suddenly, ottoman conquistadors colonize alaska.

wyd. dont need it.. Now you act like a conquistador and look the part. It it appears that Paradox is deleting my negative review of this game. Criticism is not allowed its seems. As so. I have decided to give the whole game and DLC a negative review. Natives will no longer die from disease rather it'll be the uniforms that kill them.. A nice Add-on to the game.

good for people who like to have lots of land in the new world

i wil use it but i might have saved up for right of man i will buy that next. Adds a nice touch to colonizing nations and their units.. Should already be included in the other X number of DLCs about the damn americas.. Now I can look good while killing natives.. Recommended for every player that looks at the colonies, because Portugal and Spain will be there. A must-buy if you play with either Portugal or Spain, because they look cooler.
